

Pro-life

Did you know that abortion is a form of murder? Every abortion takes away the life of an innocent child. Some people attempt to justify abortion, by saying that it's the mother's choice, whether to have the baby. I believe that every human has a right to life. I am pro-life because all lives matter, it's God's choice, and abortion is murder.

The first reason I am pro-life is because all lives matter. One reason people use to try to warrant abortion is that children, who are deformed or disabled, will not have a high quality of life. Psalm 139: 14 says, "I praise you because I am fearfully and wonderfully made." Therefore, we know that every person has value, no matter their physical or mental condition. Everyone deserves a chance at a beautiful life.

Secondly, I am pro-life, because it's God's choice. God always has our best interest in mind. When we try to alter God's plan for our life, to fit what we desire, we mess it all up. God's timing is perfect, even if it doesn't seem that way. Trust in his plan. Romans 8:28 says, "And we know that in all things God works for the good of those who love him, who have been called according to his purpose." Therefore, we can be assured that God has a magnificent plan for our lives and for every child's life.

Finally, because abortion is murder, I am pro-life. Exodus 20:13 says, "You shall not murder." Taking the life of an innocent child is a sin. Giving birth to a deformed or disabled baby does not justify after birth abortion, which is

terminating a child's life after it has been born. Psalm 139 says, "For you knit me together in my mother's womb." Each child has been specially and carefully designed by God, with an important purpose and plan for their life. We have no right to take that away from them.

I do not support abortions, because every life is precious, God knows what's best, and abortion is murder. Because all children are beautifully and wonderfully made, all children have value and deserve a chance at life. God has a magnificent plan for our lives and a spectacular plan for your child's life. Trust in his timing. Will you fight for a child's right for life?
